

**CITY OF BURLINGTON
WATERFRONT ADVISORY SURVEY
MORAN PLANT
MARCH 7, 2006**

The City Council is seeking voter opinions regarding the use of the former Moran Generating Plant and the surrounding site. As a result of an extensive idea solicitation process and survey, the public has provided a clearer direction regarding potential uses.

The first advisory question asks you to rate each of the top ideas. The City Council will review the results, and may combine the top rated ideas in pursuing the best reuse of the area.

The second advisory question asks whether the building should remain or be removed.

Please answer both questions.
